The proposed rule was promulgated pursuant to the Commission’s rulemaking authority contained in Section 8a(5) of the Commodity Exchange Act, 7 U.S.C. 12a(5) (1994), as amended.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.² On November 7, 2022, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 87 FR 67022 (“60-Day Notice”). The Commission did not receive any comments on the 60-Day Notice.

Burden Statement: The respondent burden for this collection is estimated to average 0.10 hours per response to file the brief written statement. This estimate includes the time needed to review instructions, utilize technology and systems for the purposes of collecting, validating, verifying, processing and disclosing information, and adjust/update existing methods to comply with any previously applicable instructions and requirements.

Estimated Number of Respondents: 20.

Estimated Average Burden Hours Per Respondent: 0.10.

Comments

A 60-day notice requesting public comment was published in the **Federal Register** on November, 14, 2022 at Vol. 87 FR 68139. This comment period ended January 19, 2023. Three public comments were received in response to that notice. One anonymous commenter generally said AmeriCorps should make it easier for organizations providing accommodations to be reimbursed, but did not provide any specific suggestions for how to do so. Another commenter supported the comments from the third commenter and in particular highlighted that AmeriCorps' estimated time burden is unrealistic. AmeriCorps has adjusted its time burden estimate in response to these comments, increasing the time per response from 9 minutes to 20 minutes as suggested. A few comments related to funding processes and the provision of training on diversity inclusion and accommodation, which are beyond the scope of this information collection request. Comments also requested updating the form to reflect AmeriCorps' branding and specifying the point of contact is at the prime level. AmeriCorps has incorporated these changes into the form and is investigating the feasibility of changing the form to a web-based form, as suggested.
